

# Johann Radon Lecture

## May 11<sup>th</sup>, 2016, 13.00–17.30

Felix Klein Building, lecture hall H13, Cauerstr. 11, 91058 Erlangen

**13.00 – 14.15**

**Prof. Volker Mehrmann**, Technische Universität Berlin  
“Modeling, model reduction, and control of modularized hierarchical systems from fluid dynamics”

**14.15 – 14.30** Break

**14.30 – 15.45**

**Prof. Martin Burger**, Westfälische Wilhelms-Universität Münster  
“Random Sampling of Radon Transforms and Dynamic Imaging”

**15.45 – 16.15** Coffee Break

**16.15 – 17.30**

**Prof. Klaus Truemper**, University of Texas, Dallas, USA  
“Wittgenstein’s Philosophy and the Creation vs. Discovery Question of Mathematic”
